

Dear Stephen,

I just wanted to write to say a big THANK YOU for Tarrin's party on 24 May. For an animal loving kid it was a perfect celebration and he is even more certain now that he wants to be a Herpetologist in the future too!

Tarrin has had a tough couple of years with his baby brother coming along and his Dad and I splitting up and I have not seen him look so happy for a while. At the end of the day he told me that he had had "the best birthday ever." His favourites were the Hawk and Baby the Python...oh, and Charlie the parrot – especially when he sat on Tarrin's head....and Pappy's shoulder!

All the other children are now asking for animal parties too, I gather, so I am in trouble with the parents!! To be fair even the parents commented to me how amazing the show was. I got some great photos!

The two spider-phobic ladies were very proud of themselves after their bit of exposure therapy! Both have asked me for pictures of themselves with the tarantula!!

We would love to go on your mailing list (if you have one) so we can catch up with the show if you do any public displays in the area and also for when you get your place in the future so we can come visit!

Tarrin was so proud of the stag beetle you gave him and it has pride of place in his bedroom. Heart-felt thanks again for yesterday and for your part in making Tarrin's day so special.

Love

Clare

(Mum – also animal lover and who enjoyed the show as much as her son!!)
